Local Harbor Case Before Army Chief

Engineer Who Urged Shoals Dredging Interviewed

POMEROY ON JOB

Advisor Also Talks With Ickes on Projects

Taking the harbor's case directly to one of the highest authorities in Washington, Hugh Pomeroy, advisor to the San Mateo County Planning Commission, Thursday sat down in the offices of Major Gen. Lytle Brown, chief of the board of army engineers, and talked over local waterfront development.

Brown is cognizant of development needs on the lower San Francisco bay. On May 26, Major General Brown recommended the dredging of San Bruno shoals "if and when" a public port is developed south of South San Francisco.

The day following the army chief added his endorsement to the long list of supporters secured for the Redwood Harbor project. He also favored development of a port at San Jose.

Prospects Look Good

Pomeroy, in a long distance telephone conversation with County Clerk Elmore B. Hinman Wednesday, said that prospects were good in Washington for the success of the harbor plea.

Pomeroy was also to contact C. B. Dodds, the Washington representative of the San Francisco Chamber of Commerce, and Congressman Albert Carter, of Oakland, to solicit their help for the local port development.

Carter Aids Harbor

Carter has given the project previous assistance and is fully informed on the plans. He is a member of the rivers and harbors committee of congress which has given its endorsement.

It was regretted by Pomeroy and local port boosters that Congressman John J. McGrath of San Mateo county has left Washington. His exact whereabouts are now unknown, but he is reported heading for his peninsula home for a rest.

McGrath was called from Washington recently by an unfortunate accident to his son, a New York surgeon. Improvement in the son's condition has made it possible for McGrath to leave the east, it is said.

May Call Letchfield

Hinman and Pomeroy discussed getting in contact with F. T. Letchfield, San Francisco banker and industrial expert, who is en route from Washington to Cleveland and Detroit. Pomeroy was instructed by Hinman that if he needed Letchfield in Washington that the county harbor committee would guarantee the expenses of the trip without cost to the county.

Pomeroy has been a busy man in Washington, where he went to present the projects for three counties which he represents: San Mateo, Santa Clara and Kern counties.

Meets Secretary Ickes

The United Press reported that Pomeroy discussed with Secretary of Interior Ickes today the relation of long range planning to the $3,300,000,000 public works program.

Pomeroy said the counties he represented were interested in a $4,500,000 program for public building construction, drainage work, highway improvement, and bay front development.

He told Ickes the California counties had been highly successful in planning projects which would prove of lasting benefit and the social development of the communities involved, and said he was "pleased" to discover that the administration was determined to include only worthwhile projects in its construction program.

Pomeroy plans to return to California by airplane later this week, stopping at Chicago for a few days.

Coastside Woman Is Object of Hunt

Mrs. Andres Rafel, 22, of the Humphrey ranch, Pescadero, was the object of a wide search instituted Monday by Sheriff James J. McGrath.

Mrs. Rafel is believed to have left voluntarily or been kidnaped by two or three men, names of whom were turned over to Deputy Sheriff Leland Quinland of Sheriff McGrath's office.

The missing woman, who took along her two small children, is reported to have in her possession $260 of her husband's money and the family car.

Harbor, Other Projects Enjoy U.S. Advantage

Redwood Harbor and other San Mateo county projects seeking federal funds are a "step ahead" of other parts of the nation because of the careful manner in which the data has been prepared and presented, Hugh Pomeroy, advisor to the San Mateo County Planning Commission, wired the board of supervisors today.

"San Mateo county and cities' projects declared to be in best form yet presented," the wire said.

The advisor said the public works board was greatly interested in county planning as a basis for the public works program.

Emma Winter, Well Known in R. C., Is Dead

Pioneer Citizen Was Active in Social, Club Life

Death claimed another pioneer citizen of this city, early Saturday evening, when Mrs. Emma Jane Winter, widow of the late George W. Winter, passed away at the home of her daughter, Mrs. Walter W. Hilton, 140 Grand street.

Mrs. Winter was born on the Canada road nead here in 1865 and spent her lifetime in this city. She was the daughter of the late Mr. and Mrs. John M. Allen. She was very active in social and fraternal affairs, having been a member of Robin Hood Circle No. 517, Neighbors of Woodcraft; Olive Branch Rebekah Lodge No. 48; the Fraternal Aid Union No. 650, and the George S. Evans Corps No. 36, Woman's Relief Corps.

Besides Mrs. Margaret T. Hilton, she leaves two sons and two daughters, George H. Winter of Petaluma, Allen N. Winter and Mrs. Elizabeth P. Mansfield of this city, and Mrs. Hazel C. Mansfield of Los Angeles.

She was a sister of Mrs. M. Simms of Modesto; Mrs. Carrie Langford of Spokane, Washington, and the late Mrs. Julia Dodge, Mrs. Mary Ault, Frank, William, and George B. Allen.

Memorial services were held at the Layng & Tinney Funeral Home on Sunday evening at 8 o'clock by the Robin Hood Circle of the Neighbors of Woodcraft.

The funeral services were held on Monday at 2 o'clock at the funeral home and were conducted by the Rev. Amon M. Cottingham, pastor of the First Methodist Episcopal Church. Interment took place in the family plot at Olivet Memorial Park at Lawnsdale.

Firm Will Use Newspapers to Sell Insurance

Launching an advertising campaign in 65 leading daily newspapers today, Fireman's Fund Insurance Company, one of California's oldest concerns, gave tangible indication of its faith in the upward swing of business.

"We believe that this is an opportune time for us to get the facts concerning our companies before the people of our home state," said J. B. Levison, president of the company, "and that newspaper advertising presents the most direct route for us to reach the insuring public."

"Never has there been a time," said Levison, "when insurance buyers were so keenly interested in the character of the companies behind their policies. This is a good sign, and it should prove particularly beneficial to the more conservative companies, provided they make their position known."

"Our 70th anniversary finds us in an unusually favorable position. Acceleration of business activity and increasing values will naturally be reflected in greater insurance volume. This will not only benefit the insurance companies, but should bring increased income for the hundreds of thousands of agents who make their livelihood from insurance (Fireman's Fund alone has over 11,000). This increased spending power should make itself felt in retail channels of business."

Thomas Furey's Body Sent East for Burial

The remains of the late Thomas Furey, who passed away early Friday evening, were sent yesterday to Pittsfield, Massachusetts for interment by the Layng & Tinney Funeral Home. He is survived by a sister residing in that city.

County Taxes Show Unpaid Total of 8%

Delinquency Is Only Slightly Higher Than Year Ago

STACK PLEASED

Controller Apportions $970,349 to 145 Funds

San Mateo county's tax delinquency for 1932-33 was $222,651.59, or 8.75%, Controller Edward Stack reported today.

Stack said this showing was an "agreeable surprise" to him, for the anticipated delinquency was set at 10 per cent and during the tax moratorium threatened to reach 12 per cent, he said.

The figure places San Mateo county at least four per cent ahead of the state average for the unpaid first installment total, and records it as one of the few counties of the state which can boast of economic soundness.

The $222,651.59 delinquency is all that remained unpaid of the total tax charge for 1932-33 of $2,539,573.61.

The figure is $30,433.56 greater than it was last year, and in percentages is 1.65% higher. Last year's tax delinquency was 7.1%.

Here are the set-ups for the two years for comparative purposes:

1932-33	
Total Charge	$2,539,573.61
Unpaid	222,651.59
Percentage	8.75%
1931-32	
Total Charge	$2,690,066.64
Unpaid	192,218.03
Percentage	7.1%

Stack today completed the apportionment of $970,349.54 of the second installment of taxes, part of which went to the following of 145 funds:

General	$ 79,794.93
County Hospital	46,227.35
Social Service	35,293.91
Relief Home	8,823.48
Elementary Schools	140,983.83
Jr. College	10,861.00
High Schools	90,728.37
Salary	77,493.15
Courthouse Bond	1,918.15
Furnishings	383.63
Highway Bond	36,444.80
Advertising	1,342.70
Planning	2,109.96
Unbudgeted	9,207.11
Library	1,860.63

High schools and the junior college will claim the following amounts:

San Mateo High	$63,291.33
Junior College	15,579.40
Sequoia High	43,538.63
South S. F.	8,450.38
Jefferson	11,071.68
Half Moon Bay	3,639.65
Pescadero	2,975.22

Other local funds include:

Sequoia high school bond (1922 bonds), $10,507.32.

Sequoia high school bond (1928 bonds), $9,230.19.

Redwood City elementary schools (1923 bonds), $1,390.14.

Redwood City elementary schools (1925 bonds), $2,972.03.

Redwood City elementary schools (1926 bonds), $2900.12.

Redwood City elementary schools (1931 bonds), $2420.76.

Redwood City, special, $9,587.18.

Redwood City, building, $1198.40.

Old Jail, Now Juvenile Home, Draws Praise

Great satisfaction with the new juvenile home on the Broadway extension was expressed today by the San Mateo County Probation Committee following an inspection of the renovized old county jail building.

Visitors will be welcome at the new home it is announced. Mrs. Ona Wise of Redwood City is the matron.

The new juvenile home is in a fireproof brick building and has been remodelled and repaired and modernized to provide the maximum of comfort for young errants.

It is in great contrast to the former firetrap home at the corner of Marshall street and Middlefield road, which is undergoing repairs to make way for the county's agriculture department and public health service.

Members of the probation committee are Police Chief John Harper, Burlingame, chairman; John Gill, Redwood City, secretary; and Ray Gallagher, Burlingame; Mrs. Theresa Altieri, Daly City; Mrs. E. C. Peck, South San Francisco; Col. Charles Kirkbride, San Mateo.

The committee voted to send a letter of thanks to the supervisors and Purchasing Agent Ernest Werder for the work done in the old jail.

TRIAL DATE REQUEST IN FLOOD CASE IS EXPECTED

No memorandum requesting the setting of the James L. Flood trial for September or any other time has as yet been filed with County Clerk Elmore B. Hinman, it was announced today.

The "memo" is expected to arrive shortly, however, as Attorney John J. Taaffe, representing Mrs. Constance May Gavin of Los Angeles, is eager to retry the case which ended with a directed verdict in favor of the Flood heirs.

A new trial has been granted the Gavin claimant by the state supreme court. She avers that she is an illegitimate daughter of the late Menlo Park mining magnate and claims her mother is Mrs. Eudora Forde Willette of Oakland.

September Unlikely

Mrs. Willette, recanting witness in the trial, names the late James Cannon, "prop" man at a former Geary street theater, as the father.

It is doubtful if a date in September can be had for Department 1 of the superior court, in which it was tried before. Cases have been set for that department for the first three weeks in September.

Department 2 has a more open calendar and the case might be tried in that court more conveniently.

Both Judges Maxwell McNutt, who represented Mrs. Gavin, and Franklin Swart, who was at the Flood counsel table, will be disqualified, and an outside judge will be called in to preside.

Judge McNutt defeated former Judge George H. Buck who terminated the first Flood trial with a directed verdict that threw the court into an uproar.

Transfer Rumored

It has been reported that the Floods will attempt to get a change of venue, but Taaffe is expected to insist on the retrial here.

Mrs. Gavin, if successful, will inherit a sum estimated at $2,000,000. The Flood estate has a value of $9,000,000 and she claims two-ninths of it as a daughter's share.

Flood died in 1926.

County Puts End to Old Claim System

Merchants, Others Asked to Present Regular Bills

Preparing to "clamp the lid on needless expenditures," County Manager Walter T. Kellogg conferred today with Controller Edward M. Stack to put into effect the aims of the new charter on centralized purchases and to sound the death knell of the old yellow-sheet claim system.

Monday saw the last of the claims approved by the supervisors, and with a sigh of relief, they prepared to throw away their rubber stamps.

The practice, condemned by grand juries, has been in vogue since "time immemorial," old-timers say.

Hereafter all expenditures of the county must be made by requisition secured from County Manager Kellogg in advance of purchases. Actual purchases will be made by County Purchasing Agent Ernest Werder.

Instead of sending the yellow claims along with the order, the merchant will be expected to bill the county on his regular billheads as he does any other customer.

Thes will be checked with the requisition and will then be approved or corrected by Manager Kellogg. When all departmental expenditures for the month are in and have been subtotaled and totaled, the supervisors will pass the one "master claim."

It will take but a few minutes where before it required the full day's time of the supervisors and a number of assistants.

Tanforan Will Have Two Days Of Racing Now

Revised plans for the continuation, for a short time, of the summer racing meet at Tanforan, today revealed the Pacific Coast Breeders' Association will operate the track two days a week, Friday and Saturday, instead of Saturday and Sunday, as previously announced. The extension is to continue only until the Portland, Oregon, track gets into full swing.

An attractive program will be offered Tanforan fans this afternoon and tomorrow (Saturday). The usual number of events have been booked, and it is likely the daily card will be increased. Tomorrow the management will offer the customary week-end handicap, with the best mounts at the track participating. With the short program of two days, it is expected attendance will benefit.

Foley's Tavern Gets Council's Approval

Charles Foley appeared before the city council Monday to answer questions raised at a recent council meeting concerning his beer tavern on Broadway near the courthouse. The complaint had been made that the establishment "looked too much like a saloon."

Foley said it had opened before all of his equipment was in. He said he had put in a steam table and was serving sandwiches. The council suggested that stools be placed in front of the bar. No further action was taken to revoke his license.

Five Hurt in Collision on Bayshore Rd.

S. F. Youth Hurt in Sunday Accident Expires

In a headon collision at Brisbane on a section of the Bayshore highway under detour, four women and a child suffered injuries late Tuesday afternoon.

Mrs. Mary Steffanino, 42, of 1525 Grant avenue, San Francisco, driver of one of the machines, and Mrs. Tracy Miller, 35, of Carmel, driver of the other car, were among the injured.

Mrs. Rosie Piva, 40, of 985 Union street, San Francisco, riding with Mrs. Steffanino, and Miss Theodora Gross, 20, and Nancy Gross, 5, both of Pacific Grove and sisters, were also injured.

Mrs. Miller and the elder Gross girl suffered most serious injuries. The three others incurred cuts and bruises. They were treated at the South San Francisco Hospital, after which all were removed to their homes.

VICTIM SUCCUMBS

George B. Welch, 19, of 4171 Twenty-fourth street, San Francsico, one of seven victims of an automobile crash on the Bayshore highway at Mills Field, San Bruno, on Sunday, died Monday night at St. Francis Hospital, San Francisco.

Police investigated the death with a view to determine if his uncle, Martin Welch, driver of the car, should face manslaughter charges, it was reported. The elder Welch is a San Francisco ambulance driver.

C. A. Pierce, 312 Tamarac street, South San Francisco, driver of the second car, was also to face questioning, reports said.

Welch and Pierce were among the seriously injured.

Local-Trained Chinese Air Chief Is Here

The plan of China to establish an air force equal to any in Europe was revealed this week with the arrival in San Francisco of General Hung Wan-chan, expert of the Chinese air forces and formerly of Redwood City, on a tour of this country's airplane factories. General Hung indicted that he intended to inspect the latest type American and British planes with a view of placing the Chinese air force on a formidable basis.

"We do not intend to lag behind in the training of young China for work in the air service," he said. "We are educating for preparedness against any emergency that may arise."

The general is a graduate of the University of Canton and received his aviation training at the Christofferson field here in 1916. General Hung visited friends here last week and reviewed the scenes of his early boyhood in Redwood City.

City Judge's Views Stated On Speeders

M'Auliffe Will Do All He Can to Curb Violations

NO "CAMPAIGN"

Official Objects to Fines Purely for Revenue

City Judge Edward McAuliffe agrees that excessive speeding of automobiles in the residential districts of Redwood City should be stopped.

He will co-operate with other city authorities in doing what he can to curtail fast driving.

But he has decided opinions on the subject.

For one thing, Judge McAuliffe dislikes the word "campaign" in connection with the movement to restore sane driving. This word, he feels, suggests a commercial enterprise through which the city might expect revenue from fines.

"I would not be a party to such a plan," the judge declared today. "I do not believe in fines purely for revenue."

Nor will Judge McAuliffe have a standard, fixed schedule of fines for traffic law infractions.

He believes that a judge should temper justice with mercy, and that a $5 fine for one man might be equivalent to a $25 fine for another.

Furthermore, the judge holds, it is too easy for wealthy and influential persons to escape traffic citations, and he objects to "sticking" the "smaller fry" out of proportion to the offense.

Judge McAuliffe made it clear that he is not presuming to speak for the police department in the enforcement of traffic laws in Redwood City. "The police will pursue the course they deem best," he said, "and I will do the same."

The judge made known his views in a conference with City Manager E. A. Rolison, who agreed with them and who urged both the judge and Chief of Police C. L. Collins to exercise their best judgment in reducing the number of speeders.

Hetch Hetchy Water Due in Less Than Yr.

Less than half a mile of tunneling—

Less than a year of work—by next March at the latest—

And the waters of Hetch Hetchy, Lake Eleanor and the other high Sierra reservoirs, stored behind dams, will flow into San Francisco and the peninsula.

Capacity crews are working day and night to complete this stupendous municipal water and power project, which ranks as one of the greatest achievements of all time.

To the 49 square miles of San Francisco will flow 170 miles by gravity the water collected from watersheds in the snow covered Sierra that spread over 684 square miles.

And in all this vast area there is not one permanent habitation. The land belongs to the city and county of San Francisco or is contained within national parks of the United States government.

The entire watershed is under the scrutiny of federal rangers and United States public health service authorities. Under an agreement with Dr. J. C. Geiger, San Francisco's director of public health, they have assumed full responsibility for policing this area.

Thus San Francisco water users are assured absolute protection from pollution of the watershed due to camping, mining, cattle raising or farming.

March of next year is set as the month in which this will take place, but tunneling operations vary with the structure of the hills and no more definite estimate can yet be made.

Fire Damages Auto On Bayshore Road

Fire at 3:25 o'clock this afternoon damaged the motor and destroyed the paint on the hood of an expensive make of car registered to Charles Fratengelo, 663 North San Pedro street, San Jose, on the Bayshore highway at Middlefield road.

State Officers Jack Hanlon and Crester Kreiss and A. C. Brown, station attendant, and the Redwood City Fire Department extinguished the flames.

Zoning Plans For This Area Up Tonight

Zoning plans for Southern San Mateo county will be further discussed this evening at 7:30 o'clock in the supervisorial chambers at which time property owners will be heard on suggestions affecting that area.

The zoning meeting will be called at 7:30 by County Surveyor James S. James. This meeting, which is the second held by the planning commission on the proposed zoning ordinance exclusive of the district meetings, will be followed by a final one before the supervisors.

Purposes of zoning are to develop the maximum values of the area and to protect the investments that have been made in those sections to date.

Revised Salary Schedule Made By Kellogg

Total Expected To Be Between $425,000, $431,000 Year

San Mateo county's revised salary schedule, calling for a total of $35,950.76 per month, or between $425,000 and $431,000 per year under the new charter, was before the board of supervisors for consideration this week.

County Manager Walter T. Kellogg, who prepared the schedule, said it will not increase salaries much greater than $1,398 per month, or $16,780 per year, over the old payroll.

The schedule includes some new salaries for posts created under the charter, adjustments upward for some of the older county employees, and some revision downward affecting nearly every department of the county government.

Indian Chief Popular With Y.M.C.A. Boys

Chief Clear Sky, head chief of the Iroquois Indians of the United States and Canada, proved to be so popular with the younger boys of Camp Yu-Mi-Ci-A, the camp of Young Men's Christian Association in the San Mateo Memorial Park, that arrangements have been made for him to return for a campfire program Tuesday, July 11. The older boys' camp section made an all-day hike into the Butano on Thursday and enjoyed a view of this forested area from a vantage point on top of one of the high ridges. They also enjoyed some very good fishing.

Thursday night was leaders' night at the campfire. Charles Giffin put on a strong man act, James Fisher gave several musical numbers, Leonard Blaikie presented "Talking Leaves," the daily paper of the younger boys' section; Walter Dowdy put on a magician act and gave several harmonica selections. A short dramatic stunt was offered by Charles Giffin, Joe Southward, Ralph Beal and Walter Dowdy; Fred Palmer, Marshall Virello and John Niederhauser put on several popular song trios accompanied by James Fisher on the trumpet. As a finale all the leaders who were graduates of Palo Alto High School, of which there are now 10 in camp, gave several of the school songs.

Crafts are popular among the younger boys as wel las the older younger boys as well as the older craft class.

The boys interested in journalism and writing have set up an unsual project in getting the history of Camp Yu-Mi-Ci-A under the direction of Leonard Blaikie. Jim Argo has been chosen as chairman of the group to get the historical information.

Much interest is being shown in fishing. Wilbur Doxsee of Redwood City has presented a pole which will be given to the boy who catches the biggest trout during the period.

County Board To Meet With Freeholders

'Misunderstanding' Is Blamed for Lack Of Cooperation

NO ULTIMATUM

Supervisors, D. A. in Disagreement on What Was Said

Laying the failure to call in the freeholders to a "misunderstanding," the board of supervisors Monday afternoon declared it has never been averse to conferring with the charter writers.

Chairman Manuel Francis said it is the desire of the board to have the freeholders explain the disputed points of the charter.

It was agreed to sit down with a freeholders' committee at a special meeting next Monday at 10 and again at 2 p. m.

The supervisors went so far as to propose that the freeholders go over County Manager Walter Kellogg's salary schedule with the board.

James B. Howell, Atherton, chairman of the former board of freeholders, communicated with the board yesterday and declared the aim of the charter was to consolidate the five road districts into one and to appoint the county surveyor as county engineer and roadmaster.

The reported deliverance of an "ultimatum" to the board fizzled out, with not a voice raised by any of the former freeholders.

When Chairman Francis called upon Howell or any other member of the freeholder board to speak, none apparently was present and not a voice was raised.

Later, Mrs. Mona Christensen, one of the freeholders, spoke briefly to the board and said that after a conference with the freeholders the supervisors would get an entirely different picture of the aims of the charter.

This was the second time that the freeholders' board had failed to express itself before the supervisors in disputes over the charter. The former time was when the board considered appointing an outside engineer to take over the roads.

District Attorney Edmund Scott and the board of supervisors disputed what took place in the former's office some weeks ago when the question of calling in the freeholders came up.

Scott said the supervisors did not consider it necessary to call in the freeholders "at that time," but Supervisors Rosalie Brown and John Poole said they understood Scott to say that he and County Manager Kellogg could work out the aims proposed by the charter.

The board did not want the burden shifted to it and Scott did not want the blame shifted to him. It was this "misunderstanding" to which Chairman Francis referred.

The decision to call in the freeholders Monday came on motion of Supervisor C. V. Thompson and second of Supervisor Poole.

Sierra Group to Take Over Water For Devonshire

SAN CARLOS, July 12.—Water problems in the Devonshire area at San Carlos will come to an end on Saturday, according to officials of the Sierra water system, when the company will officially take over the lines of the Devonshire Water Company.

The railroad commission last week granted the Sierra Water Service Company a certificate of public convenience and necessity to operate the water system. Authority is also granted for the sale and purchase of certain water service properties jointly with the Sierra Realty Corporation.

The order provides that the realty company shall replace 1700 feet of pipe on Palm avenue. This line has created considerable controversy between the city council and David V. Reeves, president of the company. In view of the replacement provision, the application of the city of San Carlos to have a surcharge abrogated pending the improvement of the system was dismissed.

At a recent meeting of the city council, the city appointed City Attorney Albert S. Mansfield and additional outside counsel to represent the interests of the city and water consumers residing within the affected area, at a hearing of the railroad commission held in San Francisco. The question of rates was not an issue at the hearing.

He's Good Man

It is interesting to learn that the president is giving serious consideration to the appointment of Senator James Couzens, independent Republican, to the treasury portfolio when Secretary Woodin retires in early autumn. Couzens is one of the Ford-made millionaires, first making a name for himself as mayor of Detroit, a position his son now holds. He is unusually independent politically and is as apt to oppose his own party as to support it. That the treasury department will be the source of much news if Couzens takes charge there can be no doubt, for he has a way of doing things that are at variance with political methods. That he is of a high character and a man of more than ordinary capacity is generally agreed, a fact that will support his consideration by Mr. Roosevelt.

We Should Decide

President Rooseveit has let it be known that the navy is to be built up to treaty strength immediately, and that after the London naval agreement expires in 1935 he is disposed to make no more such treaties, but to consider the navy as a purely domestic problem.

In other words, President Roosevelt's policy is to stop asking the other nations of the world how many ships they will be kind enough to let us have, building instead the number of ships we believe we need.

Americans who are not rabid pacifists or internationalists will loudly applaud such a program.

France Has Nerve

The French are talking about America's "monetary intransigence" in connection with our refusal to stabilize the dollar at their figure.

There is not a single European nation, save little Finland, that has the slightest right to criticize any monetary or financial policy of the United States.

And for France to use the word "intransigence" to describe an American policy serves to remind one that in ancient times France used to be called Gaul.

Claude L. Fox Succumbs at Work in S. F.

Mr. Claude L. Fox, a resident of this community for the past five years, passed away suddenly while at work in San Francisco Saturday. He resided at 617 Iris street, and was employed by the Union Transfer Company in the bay city. He was a veteran of the World War, and belonged to the Veterans of Foreign Wars and the American Legion. He was a native of Albia, Iowa, and was 50 years of age.

Besides his wife, Mrs. Margaret Fox, Mr. Fox leaves an infant son, Hartley Fox, and a brother, W. F. Fox, living in this city. He also is survived by two other brothers and by two sisters, L. B. Fox of Oakland, A. E. Fox of Portland, Oregon, Mrs. J. F. Hubal, also of Portland, and Mrs. F. S. Creighton of The Dalles, Oregon.

Gilmore Tells What Is Meant By Fortifying

Two years of experimenting in the laboratory and on the speedway by the Gilmore Oil Company were required to develop and perfect a new type gasoline that had no flat spots on it.

"We created the "Fortified" process after two years of work and other gasoline producers will have to go back and start where we did to learn what we know about gasoline production," says J. A. Leonard, branch manager for Gilmore Oil Company.

"This is why we say that our new "Fortified" Gilmore Red Lion is two years ahead.

"The 'Fortified' process adds to the finished product the qualities that are otherwise lacking in normally refined motor fuels. The full circle of maximum performance is released in a motor by reforming the gasoline molecules to give the liquid a higher volatility index, which in turn is responsible for the development of the capacity horsepower rating of any motor."

"It is an acknowledged fact that it is horsepower that counts if the driver wants greater mileage, more speed, faster acceleration and quicker starting."

Jury Studying Relocation of Traffic Bureau

A proposal to move the San Mateo county bureau of the state traffic department from Redwood City to Burlingame was reported discussed unofficially today by several members of the grand jury.

The bureau would be located at the state highway maintenance station on the Bayshore boulevard at Burlingame, it was proposed.

Close link between the traffic bureau and other departments of the county is expected to defeat the proposal, however.

The traffic department constantly is in contact with the clerk's office for certification of signatures on warrants, with the district attorney's office in drunken driving and other cases, and with the jail for booking of prisoners.

The new teletype, used far more by the division of motor vehicles than any other branch of government, not exluding the sheriff's or police offices, is housed conveniently in the county jail across from the courthouse.

Space taken up by the traffic bureau in the courthouse is small and nothing would be gained by the state as no rent is paid.

Menlo Park

Grand President Irma Laird of the Native Daughters of the Golden West appointed Isabelle Weeden Lindquist deputy grand president for Bonita Parlor No. 10 in Redwood City.

Much business of importance was transacted at Tuesday night's meeting of the American Legion Auxiliary. Catherine Derry, first vice-president, and Dora Scott Devol, president, were elected delegates to the department convention to be held in Pasadena in August. Ethel French, second vice-president, and Isabelle Lindquist are alternates.

Mrs. James Carroll and Mrs. Catherine Derry left on Monday for the Century of Progress Exposition. They will be gone three weeks.

Mrs. Cora Parker returned to Menlo Park from Carmel this week. She was there for the street fair and carnival which attracts people from all parts of the country every year.

Mr. and Mrs. George Nunn and their son, Lionel, motored to Canada to spend several weeks with relatives of Mr. Nunn.

The first of a summer series of card parties given by the American Legion Auxiliary will be held in the Legion Hall, Friday, July 14 at 2 p. m.

Deaconess Margaret Booz, a former resident of Menlo Park, visited her cousin, Mayor W. H. Weeden, Monday while en route from Los Angeles to Lovelock, Nevada, where she is in charge of St. Frances Mission.

Miss Mary Redington and Ernest Stent, whose marriage will take place on August 26 are being honored at many pre-nuptial affairs. They will be guests at a dinner given Saturday by Miss Frances Baldwin at her home in Woodside.

Mr. and Mrs. Evan Williams have returned from a visit of three months in the orient.

Mrs. A. G. C. Hahn will be hostess at a card party and garden fete to be given for the benefit of the Stanford Convalescent Home on Thursday, July 20. There will be tables for dominos as well as bridge. Dancing and other entertainment will be held for those not playing cards or dominos.

A benefit social was given last night by the Ladies' Auxiliary in the social hall of the Menlo Park Presbyterian Church. About sixty guests were present. Mrs. H. C. King of Redwood City was in charge of games, and Mrs. F. W. Johnson of Menlo Park headed the refreshment committee. A guessing game proved an amusing devise for raising funds assessed by pennies.

It is reported that Leo Walsh suffered a heart attack while at work in Stanford University and was removed to a hospital for treatment.

President Grace Berry of the N. D. G. W. is in charge of the committees arranging for the joint installation of the recently elected officers of the Native Sons and Daughters of the Golden West. The ceremony will take place in Masonic Hall on the night of Thursday, July 20.

Friends and patronesses of Oak Nursery School in Menlo Park of which Mrs. Fred W. Stanley is director attended a reception held at the school Tuesday afternoon. Mrs. Elliott Mears of Stanford and Mrs. Leonard Brown Jr. of Palo Altc were assistant hostesses. Mrs. Agnes de Lima of New York, an authority on nursery schools and a writer on education, gave an interesting talk. Miss Betty Stanley and Miss Dorothy Mears assisted Mrs. Brown and Mrs. Meirs in serving refreshments.

Mr. and Mrs. Latham McMullin entertained the following guests at dinner Saturday night: Mr. and Mrs. Daniel Jackling, Mr. and Mrs. Herbert Fleishhacker, Mr. and Mrs. Steward Lowery, Mrs. Alexander Hamilton, and Mrs. Roger Lapham.

A large audience heard Henry Cowell tell "What American Composers are doing and why they are doing it." Mr. Cowell gave his lecture in the Stanford assembly hall Tuesday night.

Two historic buildings in Menlo Park are to be razed in a few days in accordance with an edict from the city council. They are the old Triumph Hall and the Pioneer Stables. The former was erected in the eighties and was the first hall in town. The stables were constructed in the sixties by the late Barney Gorman, then an employe of the Gordon estate, now the old Stanford home.

Miss Cecelia Carlton and her sister, Grace, are on a trip to Yellowstone Park. Their sister, Miss Mary Carleton is passing her vacation in Victoria, B. C.

Charles Russell, connected with the San Francisco police department, is here on a visit with friends. He left Menlo Park 30 years ago to take the position of patrolman in the department.

Joseph Veverka, the local station agent, is spending his vacation in Chicago attending the fair. On his return Mr. and Mrs. Veverka will remain for a short time at the former's boyhood home in Colorado.

Miss Carmel O'Keefe has been appointed to her sister's place as registrar of the junior college at San Mateo. She is a graduate of Stanford and the state university at Berkeley. Her sister, Mrs. Ethel Buchanan, with her husband will arrive in Hongkong next Monday.

George Walsh was presented with a baby girl by his wife last week. She has been named Margaret Ann, after the mother of the father. Mr. Walsh is receiving the congratulations of his many friends on the peninsula.

Members of the Women's City Club of San Francisco who live in this vicinity had a garden meeting Wednesday at the home of Mrs. Beach Thompson, 455 Lowell avenue. Speakers: Miss Marian Leale, former president, and Miss Katharine Donohoe of Menlo Park new president. Plans for the annual Talent Festival of the club were outlined.

Mr. and Mrs. Evan Williams were expected to return to their Menlo Park home today after a visit of three months in the orient.

Menlo Park Seeks U. S. Aid In Building New City Hall

Menlo Park is taking active and rapid steps in an effort to build a city hall with funds from the federal public works program. Application is being made to the government agencies for $20,000 with which to buy a suitable lot and erect an adequate building.

The city council Tuesday night directed Mayor W. H. Weeden and City Attorney George K. Whitworth to secure architects to submit preliminary sketches of a city hall and to appear before the council next Tuesday evening to discuss the project with the board. This action was taken on the motion of Councilman E. J. Crane, who emphasized that it is necessary to submit detailed plans and specifications to the government for its approval. Application has already been filed for the funds.

It is planned to erect a building containing rooms for the use of the police department, city clerk, building inspector and county library branch as well as a council hall which will seat at least 100 persons.

The belief is held by the council that under the public works program it will be possible to secure the federal funds under a lease contract or a bond issue.

All sale of "malt or vinous beverages" in Menlo Park was banned between the hours of 1 and 5 a.m. on an order passed by the council on the motion of Councilman Crane. Police Chief Frank Love was directed to enforce this order.

The contract for auditing the city's accounts was awarded to Charles H. Peterson on his bid of $65. The audit is to be completed before the end of the month.

The council voted to ask the Southern Pacific Railroad to repair the portion of Railroad avenue between Oak Grove and Santa Cruz avenues which is located on its property.

The resignation of W. J. Belcourt as relief police officer was accepted effective August 1.

A meeting will be held at the city hall Tuesday eevning to further discuss the proposed city hall building. All citizens are urged to attend.

Watson Begins Work On Building Code

William Watson Jr., San Mateo county's new building inspector, today began work of compiling a building code for the unincorporated areas of the peninsula.

Authorization to draft the code was given to Watson by the supervisors. He has a number of models after which the local ordinance will be patterned with desired changes.

CLARENCE WHITCOMBS NEW RESIDENTS

Newcomers to Redwood City include Mr. and Mrs. Clarence Whitcomb of San Francisco, and their son, aged 7, who are at 29 Birch street.

Chairman Francis Is Divorced Here

Chairman Manuel Francis of the San Mateo County Board of Supervisors was divorced by his wife, Mrs. Louisa Francis, Tuesday dissolving a marriage which took place 36 years ago. He is a coast-side merchant.

Francis is accused of voluntarily separating from his wife on June 20, 1926, with the intent to desert and abandon her, according to the wife's complaint, filed by Attorneys Harry I. Stafford and Dean Cunha, San Francisco.

In an answer, Francis denied her charges through Attorneys Ross & Ross, Redwood City.

The Francises were married in San Francisco, September 19, 1896. Superior Judge Maxwell McNutt granted the decree.

County Manager Tightens Up On All Purchases

County Manager Walter T. Kellogg today sent out notices to all employes of the county that on and after July 15 County Purchasing Agent Ernest Werder will not accept any requisitions for purchases of materials until they have been approved by the county executive's office.

These requisitions, Kellogg said, are to be presented to his office in duplicate. One copy will be retained by that office and the original will be forwarded to Werder with the required approval.

This move tightens the plans for centralized buying and will weed out needless expenditures, Kellogg believes.

Utah this season will plan 400,000 trcut seven inches long or longer.

Redwood City 30 Years Ago

Dr. J. L. Ross has returned from Los Angeles, where he spent the past week.

George H. Rice, wife and son, Stanley, departed yesterday for Lake Tahoe to spend a week or ten days at that well-known resort.

Fred Nobs who has been working in a mine in Amador county to gain experience for the profession which he intends to follow, returned home last Friday.

Prof. F. F. Jeffers, who has been instructor of music in the local schools for the past two years, will have charge of the music at several of the large Chautuaqua assemblies at Pacific Grove.

Mrs. Margaret Sears of this city and Mr. John C. Stoll of San Francisco were united in marriage in the city Tuesday. Miss Nellie Flynn, a sister of the bride, acted as bridesmaid and Carl Allen assisted the groom. After a wedding breakfast the happy couple took a south-bound train and were met at Redwood City by showers of rice. On Friday they returned to Redwood City and together with Mrs. Pfeifer, Mrs. Kanein and Miss Nellie Flynn drove over and spent the day at La Honda. They will return to San Francisco tomorrow.

By the report submitted by Assessor Hayward it is shown that there are 2137 persons in the county capable of bearing arms. This would make quite a little army in itself.

Ed Hurlburt will resign from his position with the Westinghouse Electric Company today and will spend a few weeks at Redwood City and La Honda. Ed will reenter Stanford in August and will be a member of the senior class.

Local People In Chicago

Word has been received by Redwood City friends of the arrival in Chicago of Miss Ruth Stevens and her mother, Mrs. C. H. Stevens, who are visiting the Century of Progress exposition.

NEW TRAIN FARES FOR 2¢ A MILE

ONE WAY & ROUNDTRIP — IN EFFECT EVERY DAY

We want to know if a drastic reduction in fares will bring back substantial business to the railroad. So we are trying this experiment: One Way Tourist Fares and First Class Roundtrip Fares for 2¢ a mile — to nearly all our stations west of El Paso. Tourist Fares are good in Coaches and Chair Cars (also in Pullman Tourist Sleeping Cars, plus small berth charge). First Class Fares are good in Standard Pullmans as well (plus berth). All roundtrips are good for 21 days.

	TOURIST One Way	TOURIST Round Trip	FIRST CLASS Round Trip

Sewage Survey Need Stressed For Peninsula

Need of taking up an immediate survey of sewage problems on the peninsula was stressed today in a talk between County Manager Walter T. Kellogg and Technician Ronald Campbell of the county planning commission because of the forthcoming development of bay frontages through Redwood Harbor development.

It was agreed that as soon as Hugh Pomeroy, advisor to the planning commission, returns from Washington, Kellogg will consult with Pomeroy and County Engineer James S. James on the proposal.

Campbell said that development of the waterfront will make vitally necessary the clearing up of the foul condition caused by the dumping of sewage into the bay.

Kellogg will seek the cooperation of Oakland, San Francisco and peninsula cities on the project.

Pomeroy has indicated from Washington that this is one of the leading types of projects that the national industrial recovery program proposes to help.

Half Moon Bay Man Injured as Auto Hits Tree

After walking a mile and a half while suffering from severe injuries in an automobile mishap, Fred Marsh, 21, member of a well known Half Moon Bay family, was taken to the Community Hospital, San Mateo, Monday by Officer E. Maillard, San Carlos.

At the hospital, young Marsh was reported as "fair." He suffered a head injury and a possible fracture of his right shoulder. He lost considerable blood in his long walk for aid.

Marsh was riding with Frank Fetter Jr., 18, also of Half Moon Bay. Fetter told Officer Mailard that another car forced him from the road and he struck a tree. The mishap occurred on the Junipero Serra road on the westerly limits of San Carlos at 2:15 this morning.

NOTICE OF TRUSTEES' SALE

On Tuesday, the 25th day of July, 1933, at 10:00 o'clock a. m. at the front door of the county court house in Redwood City, San Mateo County, California, L. A. BEHRENS and E. R. WHITEHEAD, Trustees, will sell at public auction to the highest bidder for cash in lawful money of the United States the following described real property situate in the county of San Mateo, State of California, and known and described as follows, to-wit:

Lot numbered fourteen (14) in Block numbered one (1) as shown on that certain map entitled "Nelson Park, Redwood City, California," filed in the office of the county recorder of San Mateo county January 19, 1926, in Book 13 of Maps at page 28 thereof, to which said map and the record thereof of reference is hereby made and the same made a part hereof.

Said sale will be made to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by Thomas Nelson and Keo A. Nelson, his wife, and Fred W. Timeus and Daisy D. Timeus, his wife, as trustors, to L. A. Behrens and E. R. Whitehead, as trustees, for San Mateo County Savings Bank, a corporation, as beneficiary, which has since changed its name to San Mateo County Bank, dated August 20, 1928, and recorded in Volume 371 of Official Records, page 186, San Mateo County records; breach having been made in payment of principal, interest and taxes which still remain unpaid, and more than three months from the date of the recording of notice of default and breach and election to sell have elapsed.

Notice of breach of said obligation and election to sell said real property was recorded in the office of said county recorded on March 17, 1933, in Volume 586 of Official Records, page 255. This notice is given in compliance with the demand heretofore made on said trustees by San Mateo County Bank, a corporation.

Screen Star Greets Turf Star

Jockey Simmons, by long odds the champion of the recent Tanforan meet, becomes the proud possessor of a new silver handled riding whip presented to him by Miss Anna Q. Nilsson, screen star, in behalf of General Petroleum Corporation, presented by J. F. Walsh.

Tanforan Champ Wins General Petroleum Race Award

SAN FRANCISCO—Jockey Simmons, who established for himself the title of champion at the Tanforan track in the race meet just closed, sat astride his fastest mount one day last week when he mounted Pegasus, the Flying Horse, the new symbol of the General Petroleum Corporation used to identify dealers who are dispensing the new General Four-Star Gasoline.

Simmons not only made the best showing of any jockey at Tanforan during this meet, but he also won the prize offered by General Petroleum Corporation for the rider making the best showing on points. This prize was a silver handled, appropriately engraved riding whip which was presented to Simmons by Miss Anna Q. Nilsson, screen star, who flew here from Los Angeles for the purpose of making the presentation.

The whip is highly valued by Simmons in that it is a permanent reminder of the remarkable showing he has made at Tanforan.

His ability to mount Pegasus is outstanding, in that by so doing he has been the only known person to equal the record of Bellerephon who, according to ancient myth, conquered the original Pegasus and accomplished mighty deeds.

The new Pegasus, which is to be seen at gasoline stations all over California today, is the symbol of another great accomplishment, according to General Petroleum officials, as they have not only developed a mighty motor fuel in General Four-Star gasoline, but by their sagacious advertising and merchandising, featuring a remarkable newspaper campaign, they have shown the greatest increase in gasoline sales in many years past.

NOTICE OF TRUSTEE'S SALE

On Saturday, the 29th day of July, 1933, at 10 o'clock a. m. at the front door of the County Court House in the City of Redwood City, State of California, the San Jose Abstract & Title Insurance Co., a corporation, as trustee, will sell at public auction to the highest bidder for cash, in lawful money of the United States, the following described real property, situate in the County of San Mateo, State of California, and bounded and described as follows:

Lot Nine (9) as designated on the map entitled "Map of Middlefield Park, San Mateo County, California," which map was filed in the office of the recorder of the County of San Mateo, State of California, on November 19, 1926, in Liber 14 of Maps at Page 54.

Said sale will be made to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust executed by W. M. Bernard and Sylvia A. Bernard, his wife, as trustor to San Jose Abstract & Title Co., a corporation, as trustee, for the benefit and security of Pearl C. Clark, dated the 27th day of February, 1931, and recorded March 6, 1931, in Volume 514 of Official Records, Page 279, San Mateo County records.

Widow Loses Suit Against Trolley Co.

The Market Street Railway Company today had successfully contested the $25,255 lawsuit brought by Mrs. Mabel E. Manley, Burlingame, widow of Victor Manley, San Francisco newspaper man, fatally injured by a trolley car in Burlingame June 1, 1932.

Manley was crossing the company's track at the Broadway, Burlingame, station when struck down. He died two days later.

Mrs. Manley was joined by Manley's parents, James L. and Mary F. Manley.

A jury in Superior Judge Maxwell McNutt's court gave judgment for the company, which alleged Manley was guilty of contributory negligence.

BACCELLI DIVORCE

Peter Baccelli today filed suit for divorce here against his wife, Rose, alleging cruelty. In an immediately-filed answer, Mrs. Baccelli denied her husband's charges. Baccelli seeks custody of their two children, Joseph and Albert. Albert Mansfield is counsel for the plaintiff.

County Road Talk On Radio Next Sunday

In a program arranged by County Publicity Director Roscoe Wyatt, Manager Gilbert Keitle of the San Mateo City Chamber of Commerce will be heard on the air Sunday, July 16, between 2:45 and 3 o'clock.

The broadcast will be one of a series by the state chamber of commerce. Keitle will take his listeners over the "San Joaquin-to-the-Sea" highway from San Mateo to Half Moon Bay.

RELIEF ORGANIZATION TO GET HORSE SHOW PROFIT

The Unemployment Relief Committee of San Mateo county will receive all proceeds above expenses from the San Mateo County National Horse Show this year, directors of the show association have decided, according to an announcement today from Mrs. W. P. Roth, president.

The horse show will be held again this year at the Menlo Circus Club, Atherton, opening on Saturday evening, August 5, and closing Saturday evening, August 12, with matinee performances on Sunday, Wednesday and Saturday.

The San Mateo county national is the first show on the summer circuit of the national horse shows in the west. It is here that all of the new horses and prospective champions meet in show ring competition for the first time each year.

Top show horses from the stables of wealthy and socially prominent sportsmen of the Pacific Coast, Middle West and East, will be shipped to this county. There will be approximately 400 horses entered in the various classes. The competition will be keener than ever this year, according to Maj. A. Mouel-Fenton, show manager. Many new stables with champions will be entered in the 120 classes and stake events. A total of $10,000 in prize money is being offered this year.

The division of the show for hunters and jumpers will be strong this year. Eleven stables of the best horses in this division in the west have already sent in entries. Two outstanding women riders and exhibitors of hunters and jumpers who will show at the event are Mrs. Alma Spreckels Rosekrans of San Francisco and Woodside and Hilda McCormick of Portland, Ore., one of America's greatest women riders.

Veterans Urged To Make Known Their Job Needs

Veterans affected by the national recovery act are being advised today by Capt. Edward Macauley, director of unemployment relief for San Mateo county, to sign up questionnaires so that work may be found for them.

All Legion posts of the county were urged to have these cards signed and submitted to their commanders at a meeting held Friday night in the Burlingame city hall. T. L. Chess, county council commander, presided.

Captain Macauley urged the veterans to contact their local unemployment offices so their wants will be known.

Mercury Hits 98 In Heat Wave Here

Wednesday was the hottest day of the year to date in Redwood, according to records at the official city weather bureau at the Jefferson avenue firehouse.

The mercury hit 98, the highest temperature here since September 9, 1932, when the thermometer throbbed at 103.

Menlo Park Woman In Divorce Plea

Mrs. Louise K. Benjamin, proprietor of a Menlo Park soft drink stand, today sued for divorce from her husband, Vernon F. Benjamin, alleging cruelty. They were married in San Francisco, January 1, this year, and separated July 7, the complaint declares.

Irvin Resigns as Auditor of Water District, Belmont

BELMONT, July 12.—Vernon P. Irvin, auditor for the Belmont county water district, last evening tendered his resignation at a meeting of the board. L. A. Elsener, chairman of the board, read the resignation. Irvin, who has served for the past two years, gave as his reason additional duties out of town which make it impossible for him to serve.

According to the report of Manager Elwood Curtis the district was operated during the month of June at a profit of $543.93. The gross profit for Belmont amounted to $316.99; and $226.94 for Belle Monti.

On motion of Commissioner Alexander Morrison the board voted to accept the option of Mrs. L. F. Hillman for two lots in Belle Monti to be used for reservoir sites.

Commissioner Waldo J. Marra, chairman of the finance committee, explained that the tax money has not as yet been forthcoming, but he has been assured from County Auditor Edward Stack it would be in the hands of the committee sometime this week.

Commissioner Morrison said that letters had been sent to delinquent water consumers and that the bills are gradually being taken care of.

City Engineer W. W. Hendricks said that he had contacted Hugh Pomeroy, county planning advisor, who, while in Washington, would seek action on the application of the district for the disposal of its $45,000 water bond issue.

Hood and Strong of San Francisco, accountants, will audit the district's books, and the district, on motion of Commissioner Marra, voted to clear off the contract with the San Francisco Water Company.

Glendale Marriage In Divorce Court

Hugh Morton Reid today filed suit for divorce from his wife, Vernice, alleging cruelty. They were married in Glendale, April 18, 1932, and separated December 18, that year, after eight months of wedded life.

Over 1,610 million pounds of tobacco were produced on 2,019,000 acres in the United States in 1931. The yield sold for $156,097,000.

33rd Week Sees Relief Payroll Touch $207,115

Bringing the total county relief bond expenditures for 33 weeks to $207,115.82, the weekly report of the San Mateo County Committee on Unemployment Relief was released today.

Expenditures from July 3 to 8 for labor totaled $4,244.63, Capt. Edward Macauley reported. This brought the total county labor charge to $204,959.95. Added to this was $2,155.87 for board and lodging in Memorial Park.

Work relief was furnished to 319 citizens from county and private funds.

"They're keen," say the youngsters, speaking of Shasta Sodas.
And so economical, too! You can make Shasta Strawberry Soda—and many more delicious drinks—at home, by just adding Shasta Water to a glass containing a bit of strawberry syrup.

SHASTA SODAS ARE EASY TO MAKE!
(This is one recipe from the label on back of each Shasta Water siphon.)

STRAWBERRY SODA
Strawberry Syrup. Dissolve 1 cup of sugar in 1 cup boiling water. Add 1 teaspoon Strawberry extract. (Enough syrup for 12 glasses.)
Strawberry Soda. To 1 part Strawberry syrup in glass, add 5 parts Shasta Water. Stir and serve.
Strawberry Ice Cream Soda. First place ice cream in glass. Then make soda over ice cream.
